

NUZHAT KHAN

SOFTWARE DEVELOPER | JAVA • SPRING BOOT • MICROSERVICES • POSTGRESQL • REST APIS • DOCKER

Mumbai, India | +91-9769149366 | knuzhat136@gmail.com | linkedin.com/in/nuzhat-khan-dev | github.com/Naazkn13 | portfolio

PROFESSIONAL SUMMARY

Software Developer with certified Java Full Stack training (DVOC Institute / Skill India) and 14 months of enterprise software engineering experience building regulated compliance workflows and high-reliability data platforms. Experienced across Java, Spring Boot, RESTful APIs, PostgreSQL, Docker, and React. Proven background implementing multi-tier maker-checker approvals, Role-Based Access Control (RBAC), and transactional integrity in enterprise BFSI environments.

TECHNICAL SKILLS

Languages: Java (17/21), SQL, Python, TypeScript, JavaScript
Java Frameworks: Spring Boot 3, Spring Data JPA, Hibernate, Spring Security, RESTful Web Services, JUnit 5, Mockito
Databases & Storage: PostgreSQL, MySQL, Supabase, Redis (Caching), Database Indexing, Transaction Management
Architecture: Microservices, REST APIs, Maker-Checker Workflows, RBAC, Design Patterns (Factory, Strategy, Builder)
DevOps & Build: Maven, Docker, Git, GitHub Actions, CI/CD Pipelines, Linux (Ubuntu), Azure DevOps, Postman
Frontend: React, Next.js, HTML5, CSS3, Tailwind CSS

PROFESSIONAL EXPERIENCE

Infomatics Services Pvt. Ltd. — Software Developer Mumbai | June 2025 – 24 July 2026

Enterprise RegTech Platforms (Novus Comply & Compulse)

- Workflow & Maker-Checker Systems:** Co-engineered enterprise compliance platform automating 67+ regulatory reporting templates across 43 maker-checker approval workflows and 32+ automated email notification triggers.
- Access Control & Security:** Implemented comprehensive Role-Based Access Control (RBAC) and bcrypt password hashing across administrative and user tiers, maintaining strict audit trails for SEBI regulatory compliance.
- Data Integrity & Reconciliation:** Architected reconciliation services cross-referencing trade orders against 4 financial data feeds (ECAS/BENPOS/CAMS), flagging 100% of non-compliant insider trades.
- CI/CD & Deployment:** Collaborated on Dockerized build configurations and Azure DevOps pipelines, achieving continuous integration parity across development and UAT environments.

Enterprise Data Extraction & Operations Systems

- Built high-accuracy document extraction tools and company-wide operational dashboards handling 50+ employees with configurable escalation rules, cutting manual processing overhead by 60%.

TECHNICAL PROJECTS

TradeSentry — RegTech Pre-Clearance & Audit Microservice — Spring Boot 3 Java 21 • Spring Boot 3 • Spring Data JPA • PostgreSQL • Docker • JUnit 5

- Enterprise Architecture:** Designed a modular Spring Boot microservice simulating trade pre-clearance validation with Spring Security JWT authentication and role-based clearance permissions ('ROLE_TRADER', 'ROLE_COMPLIANCE').
- Data & Caching Layer:** Leveraged Spring Data JPA and Hibernate for relational persistence on PostgreSQL, integrating Redis caching for fast-path restricted ticker queries to reduce database read load by 85%.
- Testing & Rigor:** Wrote automated controller and service unit tests using JUnit 5 and Mockito, ensuring test coverage over approval state machine transitions.

Biometric Attendance & Salary Engine — attendance-sigma-one.vercel.app Full Stack • React • REST APIs • PostgreSQL/Supabase • Hardware SDK

- Architected and deployed full-stack attendance tracking system with hardware integration, complex 30-day payroll calculations, and automatic payslip generation, reducing monthly HR calculation time from 2+ hours to under 30 minutes.

Java QR Attendance & Management Platform — GitHub Java • Swing • MySQL • JDBC • QR Processing

- Engineered a desktop attendance management platform utilizing Java Swing and MySQL with JDBC connection pooling, generating dynamic QR tokens for touchless identity verification.

EDUCATION

BSc in Information Technology — Bhavan's College, Mumbai University 2021 – 2024

CERTIFICATIONS

Advanced Program in Java Full Stack Development — DVOC Institute (Skill India / NSDC) Dec 2025 | ID: CERT_3243029_5
